Dear Students,

Incase you failed to install oracle 12c enterprise edition, then I have for you the best solution.

The solution is 18c express edition.

Oracle 18c express edition is light version and work 100% without any issues.

It is multitenant database like 12c, we have container and pluggable.

Please see the bonus section

And it contains 3 new lessons

1- oracle 18c express edition part 1 (download and install)

2- oracle 18c express edition part 2 (unlock hr)

3- oracle 18c express edition part 3 (sql developer)

Good luck...
